

Overview of the Care Act 2014

This course highlights the implications of the Care Act 2014 for health and non-statutory organisations. The Act brings care and support legislation together into a single act with a new well-being principle at its heart.

Overview

This course provides an overview of the Care Act, focusing on assessment, prevention, eligibility, the Well-being Principle, person-centred care and support planning, and transition into adulthood.

Key Outcomes

An understanding of the changes that need to be made in relation to:

- Information and advice
- Carrying out assessments
- Focusing on well-being
- Applying national eligibility criteria

Course Outline

- Framework of the Act
- The Well-being Principle
- Changes to processes and their implications
- Eligibility framework
- Assessments of individuals
- Advocacy – supporting a person's involvement
- Ensuring the availability of information and advice
- Person-centred care and support planning
- Personal budgets
- Direct Payments
- Review process
- Transition to adulthood

The Care Act 2014 ensures that care and support is clearer and fairer, promotes people's well-being and enables people to prevent and delay the need for care and support. It allows carers to maintain their caring role, while putting people in control of their lives so they can pursue opportunities to realise their potential.

There are almost **7 million** carers in the UK..

Care Act 2014

...that's **1 in 10** people
